Group Members Contribution

Muhammad Mudassir: I contributed in the search bar. Where we can search for different item, Sales, Customers.

Amar Khan: I contributed in the items class. Where we can add new item update and remove item from the list of item.

Noormah Omar Khan: I contributed in the login class and as we present this project in the Class as well I contributed in the documentation part.

Sabahat Ejaz: I contributed in the database and Add operator and Add Customer module. As well as Class diagram of the project.

Syed Hamza Bukhari: I contributed in 70% part of GUI roughly. And also contributed in verification of customer and exception handling.

Yousaf Khan: I contributed in Admin of add deals class as well as made line Chart Graph and pdf bill and printing bill.

Muhammad Hamza: I contributed in the main class of Order as where we take and update order of a customer.

Muhammad Toqeer: I contributed in combining all modules of code i.e. MVC pattern.

Laiba Gul: As per your recommendation I modified and update deals class. Where a deal can be order instead of manual ordering.
